Hoshi Collection

HAN

# HOSHI

The Hoshi collection is calm, inviting and honest. It uses the classic elements of a lounge design with a pure materiality and a sober, functional design narrative.

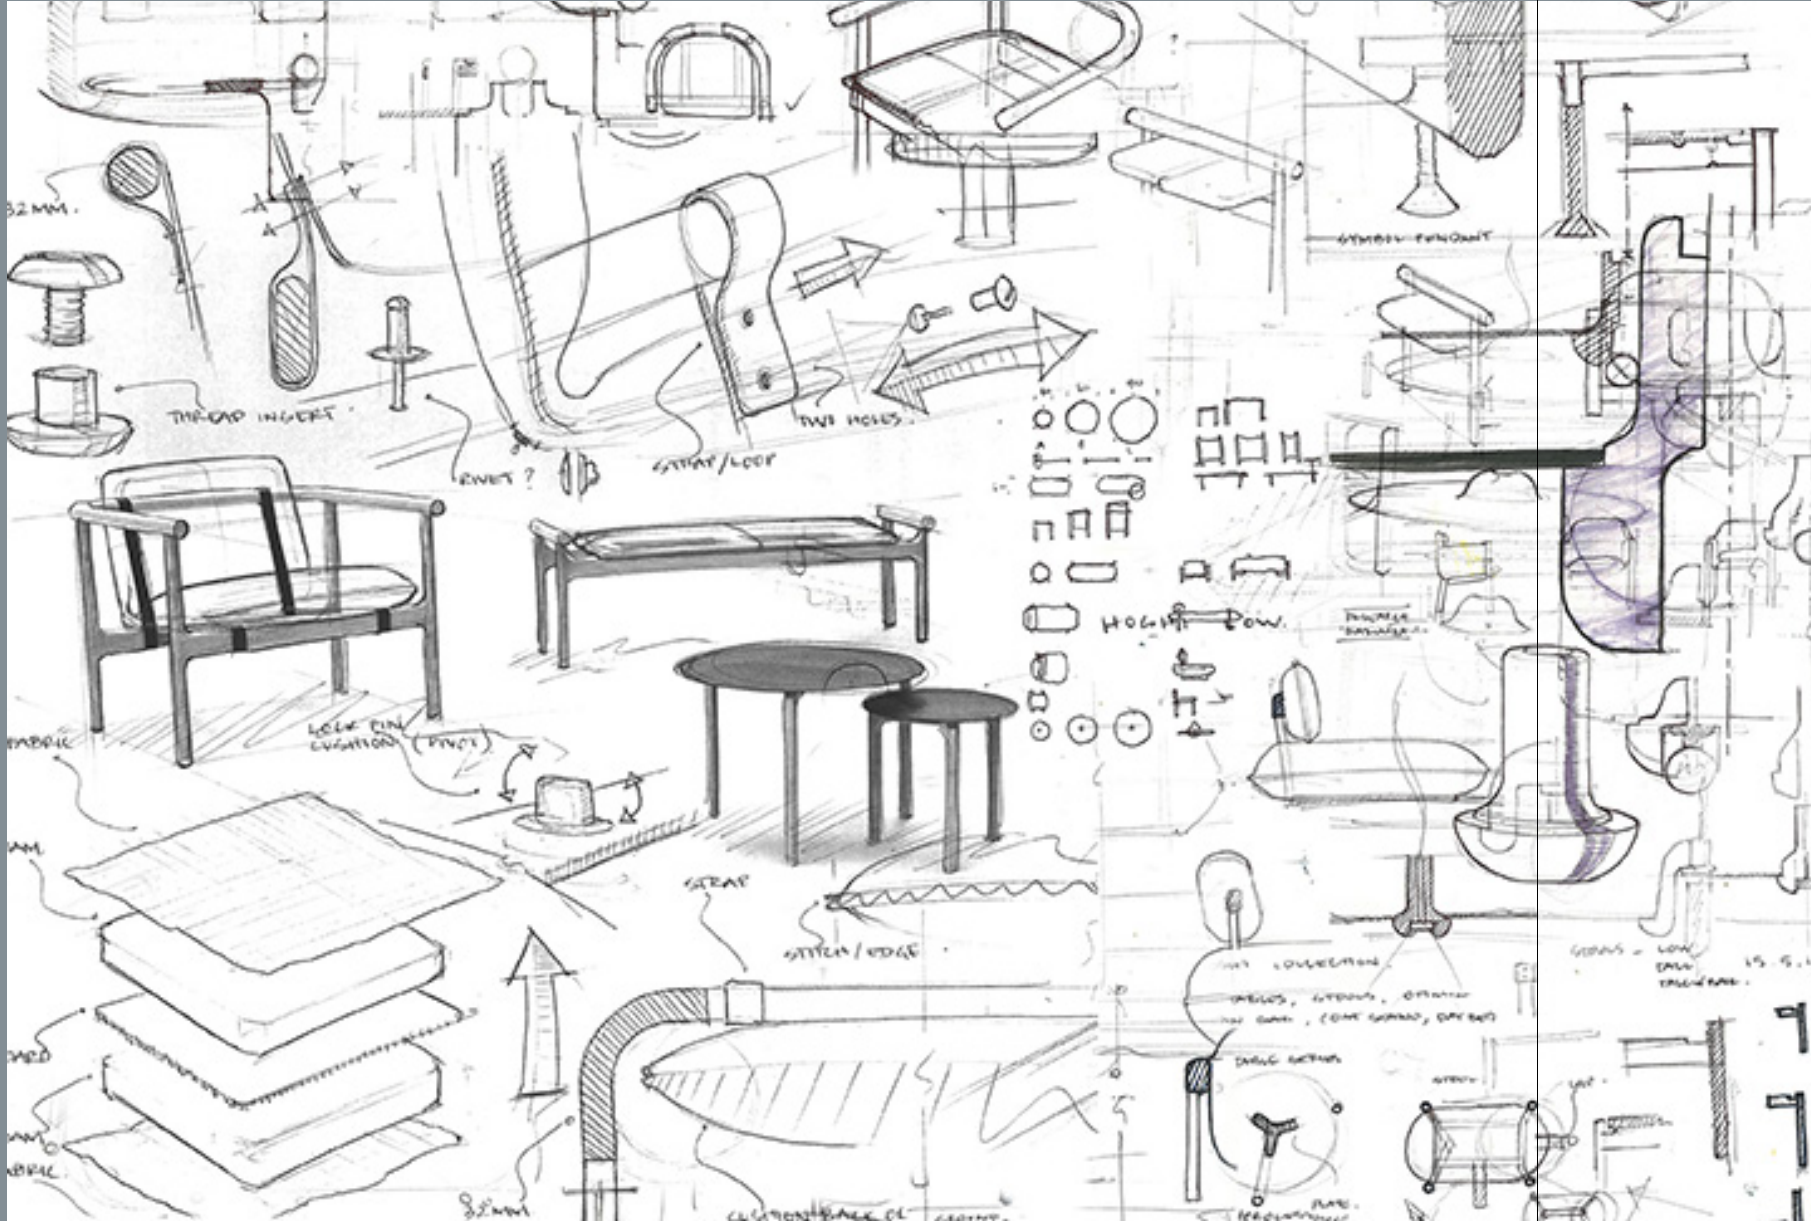

Providing comfort and a tactile response, its character lies in the subtle articulations and negative space between each compositional element paired with generous materials and textures.

As the Hoshi Collection continues to be part of projects around the world, it carries with it a legacy of sustainable and timeless design. The collection's evolution is marked by thoughtful additions and refinements since its inception ten years ago.

THE  
BEGINNINGS

Designed ten years ago, the Hoshi Armchair was driven by a strong material narrative. The intention was to allow the honest expression of the material to drive the aesthetic; paring back to a minimal form that expressed the manufacturing process.

THE  
BEGINNINGS

Tom Skeehan, was deeply influenced by his experiences with Japanese design and architecture while travelling abroad. His design infused the Hoshi Armchair with an honest approach that carefully considered the purpose and materials used. This ethos extended to Skeehan's collaboration with his Australian manufacturers, whose expertise and feedback were integral in shaping the design's authenticity and functionality.

THE  
BEGINNINGS

Designed exclusively for Stylecraft Furniture, this partnership marked a pivotal pathway for the studio in distributing furniture commercially. This significantly contributed to the trajectory of Skeehan Studios to where it stands today.

HOSHI  
CLASSIC

The versatility of the Hoshi Armchair has played a pivotal role in its acclaim and adoption across diverse environments. Its thoughtful design, characterized by a balance of form and function, has found resonance in both bustling commercial spaces and the warmth of residential settings.

This versatility is a testament to the chair's timeless appeal, effortlessly fitting into diverse spaces without losing its distinct identity.

Its design, rooted in material honesty, allows it to be a perfect base for unique material and textile pairings.

HOSHI  
CLASSIC

The Embassy of Australia, Washington D.C.

Bardolph Gardens, Glen Iris

Throughout the years, the Hoshi Armchair has been used within a variety of settings from the residential through to commercial. This adaptability and timelessness has been crucial to the armchair's enduring popularity.

Mercedes Me, Melbourne

As Skeehan Studio grew, so did the Hoshi Collection. From the original Hoshi Armchair, emerged a collection of products that carried with them the legacy of timeless and sustainable design. Adopting the foundational principles of the original armchair, each component is thoughtfully exposed, celebrating the honesty of materials and craftsmanship.

This cohesive expansion has solidified the Hoshi collection's appeal, making it a versatile and beloved choice for varied spaces. The collection extends to a lounge, ottomans and side tables.

55 Clarence St, Sydney

With the introduction of Hoshi Colour, we embraced colour, marking a significant evolution in the Hoshi Collection. This was a deliberate move to lean into colour, thereby ushering the chair into its next phase. This development also enabled the chair to mirror industry trends and distinguish itself in the market.

The evolution of the Hoshi Armchair into an outdoor variant was a natural progression, showcasing its adaptability across different environments.

Available in a range of  
distinctively Australian  
colour palettes.

# Introducing Hoshi Butter

Hoshi Butter brings softness and comfort to the Hoshi range, whilst still maintaining the timeless frame of the original Hoshi.

HOSHI  
BUTTER

Defined by the classic Hoshi frame and the soft, 'buttery' cushion, the Hoshi Butter has a unique character and depth that allows for both playfulness and sophistication across a range of applications.

Hoshi Butter is available for both indoor and outdoor spaces.

With a variety of frame colour options and custom upholstery Hoshi Butter is ready to be a staple piece within any space.

## MATERIAL

### Upholstered Seating

#### HOSHI Frame

Made from either powdercoated weathersealed steel or premium solid timber. Variations include American Ash, American Oak and American Walnut. This durable material can be stained in various colours and is supplied sealed in a commercial lacquer.

#### Upholstery and Foam

Sculpted from commercial-grade polyurethane foam. Creating a seat base that is comfortable and can withstand long term use. Designed to be upholstered in different fabrics and leather.

### Ottomans

#### Frame

Made from premium solid timber legs and a plywood frame. Variations include American Ash, American Oak and American Walnut. This durable material can be stained in various colours and is supplied sealed in a commercial lacquer. Complemented by a natural leather strap detail.

#### Upholstery and Foam

Sculpted from commercial-grade polyurethane foam. Creating a seat base that is comfortable and can withstand long term use. Designed to be upholstered in different fabrics and leather.

### Side Tables – Free Standing

#### Frame

Made from premium solid timber or a powdercoated weathersealed steel. Variations include American Ash, American Oak and American Walnut. This durable material can be stained in various colours and is supplied sealed in a commercial lacquer.

#### Table Top

Made from laser cut steel with a commercial grade texture powder coat finish.
