SKEEHAN

OUTDOOR

Skeehan Studio was established by Australian Industrial Designer Tom Skeehan.

We create design solutions that seek to reconnect people with the material world around them. We're truly committed to transparency in our processes, materials and partnerships.

Our design solutions are born out of extensive research into both the raw components and the end user, so there's purpose built into everything we create.

A Celebration of Australian Design

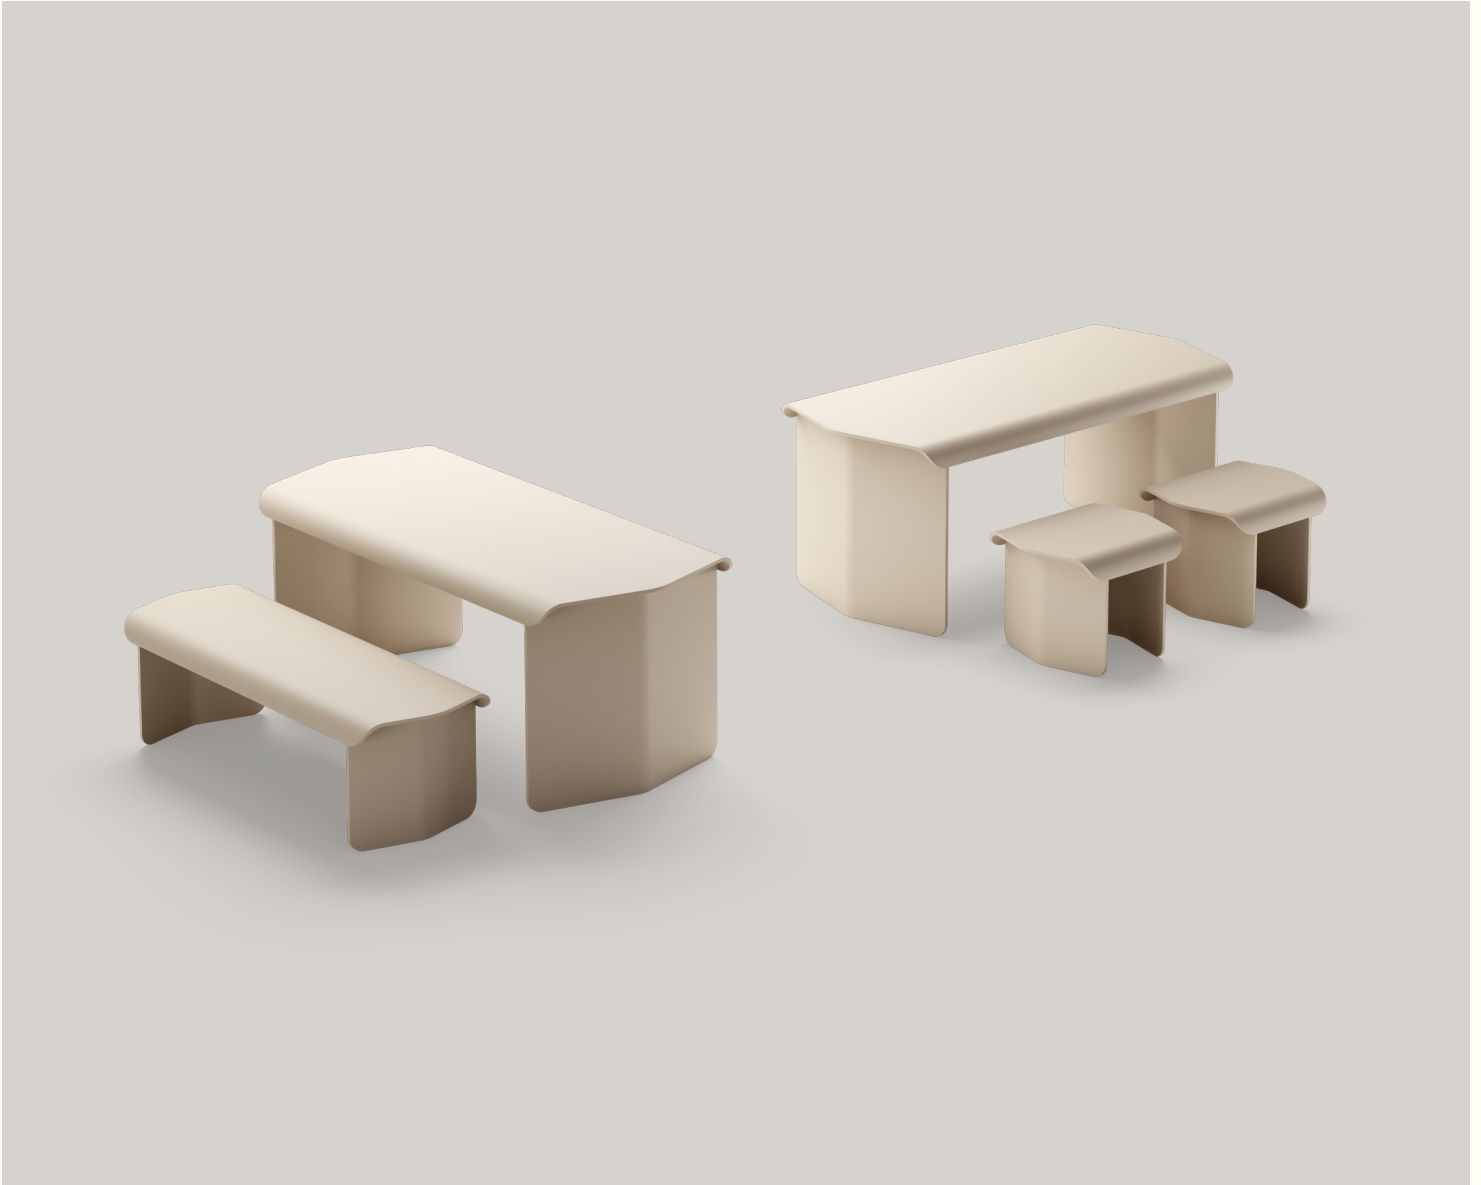

Our Outdoor Furniture Collection is a celebration of Australian and material-driven design.

Each piece is thoughtfully crafted with durability in mind, ensuring they are designed and built to last.
